

PRIVATE LESSONS

All students are encouraged to take **private lessons** on their instrument! Private lessons exist as a means for all students to **better their musical skills** by working with a professional musician who specializes in individual discipline. The skills necessary to excel as a musician can only be attained with considerable work **beyond band class**. Private lessons guide the student along this path.

Here is a list of **local private teachers**. All of these musicians are great – any teachers in *italics* are teachers we have used before, and are familiar with. You can also check with local **music stores** and local **colleges** (Stetson University, UCF, etc.) for instrumentalists who give lessons.
